Dear Homeowner,

Christmas in October welcomes your interest in our program. Over the past 25 years, our volunteers have rehabilitated more than 7,500 homes in the Kansas City area.

Our volunteers tackle a variety of work when rehabilitating homes. It could be as simple as applying a fresh coat of paint to more labor-intensive work such as replacing a furnace or repairing a leaky roof. The work performed varies from house-to-house and focuses on repairs needed to help you live in warmth, safety and dignity.

We consider it a privilege to come into neighborhoods, such as yours, and help make a difference.

Please take a look at the attached Homeowner Package, which will tell you what we do and how you can apply for assistance through Christmas in October.

- Application, including program qualifications. To be included in the pool of potential homeowners who receive assistance during our October 2010 program, you need to complete the application and return it to us as soon as possible.
- Homeowner Fact Sheet. Offers answers to frequently asked questions about the program.

Planning for the October 2nd and 9th, 2010 weekends is already underway, so please return your application as soon as possible. While October may seem a long way off, it is important for us to plan for everything that goes into our “Big Day”!

Thank you for taking the time to learn more about Christmas in October. If you are aware of a neighbor in need, please encourage them to apply for assistance by contacting us at 816.531.6443.

Sincerely,

Susan Cooke
Director of Community Relations

John Summers
Director of Construction
